PROJECTS

Ecommerce Project | *Shopify, Javascript, jQuery, HTML, css*   link

- Longevity box website includes all the necessary pages of the online store ready. So that you can sell all the longevity products. This website has all the features you require, including professionally designed homepages, galleries, blogs, testimonials, product pages, about pages, shopping carts, order forms, and other sections. Additional pages with various content elements, including typography, headers, icons, lists, tabs, sliders, 404 pages, and many more, are also included in the website. Additionally, this website is compatible with various plugins.

Jai Parshuram Bhagwan | *Next Js, Wordpress*   link

- Worked on the development of various web applications using Next Js, Wordpress and SQL resulting in a 20% increase in user engagement. Implemented responsive designs resulting in a 15% increase in mobile traffic. Collaborated with clients to gather requirements and provide technical solutions resulting in a 100% satisfaction rate.
